## The conference dinner

The conference dinner will be held at Lian, on Thursday at 7.00 pm. The restaurant is known for its interesting local food, and has a unique location in the middle of Bymarka, in the hills above Trondheim. The site offers a fantastic view of the city and its surrounding areas, and the architecture opens the rooms to the scenery. The oldest part of the building was built in the 18<sup>th</sup> century and the characteristic ‘Rotunden in the 1930s. We hope that the combination of nature, nice food, some entertainment and good company will provide the right setting for an enjoyable evening that will strengthen the design education community.
