Querétaro, México

DEGREES OFFERED

BSc

Industrial Design

Language: Spanish-English

Description:

Beyond the profile of our undergraduate program in Industrial Design at ITESM, in Queretaro we constantly strive to trigger large positive effects in our region. This ambitious aim is based on the following principles that guide our vision in educating the next wave of professional designers:

- 1.- Creative strategies oriented towards innovation
- 2.- Integrate interdisciplinary solutions based on research and development
- 3.- Cultivate awareness toward a sustainable society
- 4.- Entrepreneurial skills to constantly identify new opportunities
- 5.- Development-oriented university relations with industry and organizations
